Online “Math” Camp

6-14 years

In global tests of academic performance (OECD PISA Test), Japan frequently scores in the top five in mathematics.

We, English Club, provide “**Japanese Math Camp**” in this summer. Let’s develop your Math Skill !!!

This workbook wins the **2020 National Parenting Product Awards** in the United States.

Japanese Math is known for the basis of Singaporean Math. Students’ mathematical knowledge, thinking skills, and processing are maximized and made more flexible.
